BRIGHT'S DISEASE FATAL.  
To Wayne N. Stevens, Who Passed  
Away at Battle Creek, Mich.,  
Thursday Night.

Thursday night about 12 o'clock death claimed Wayne N. Stevens, age 55, one of the best known farmers of Ohio county, when he succumbed to Bright's disease at a sanatorium in Battle Creek, Mich., where he had gone about three weeks before in an effort to get relief from the malady which was sapping his life away.

Mr. Stevens had been a sufferer from the ailment which ultimately caused his death, for quite a while, but he had been confined to his bed only a short time.

He was a member of Hartford Lodge No. 675, F. & A. M., and also a Knight Templar and a Shriner.

Besides his wife, who before her marriage was a Miss Reinford, he is survived by his mother, Mrs. Creasy Stevens, and one brother, Lon Stevens.

The funeral, which occurred at the Stevens home, a few miles north of town, and the burial at Alexander school house, was attended by one of the largest crowds ever brought together on a similar occasion in Ohio county. Fully five hundred people were present to pay the last tribute of respect and honor to this well-known and well-beloved Ohio county citizen.

The funeral at the home was conducted by Rev. A. D. Litchfield, pastor of the Hartford Methodist church, after which the remains were taken in charge by the Hartford Lodge of Masons, assisted by Masons from various lodges over the county, and laid to rest with Masonic honors by the side of loved ones in Alexander cemetery.

AMERICAN MARINES ADVANCE 600-YARD FRONT.

WILLIAM S. MOORE IS MADE ENSIGN IN NAVY.

William S. Moore, son of Mr. and Mrs. E. P. Moore, of this city, who had been in the Merchant Marine volunteer service since last summer, and who recently entered the navy, has been promoted to the rank of Ensign. The Courier-Journal Sunday contained an excellent likeness of young Moore and the following notice relative to his promotion:

The rank of Ensign in the United States navy has just been conferred upon William S. Moore, of Hartford, Ky., who since his graduation last June from the State University at Lexington, has been engaged in the merchant marine volunteer service. In this service he has had the use as second engineer, but two weeks ago decided to forsake the merchant marine for the navy.

The fact that he was so early commissioned is due to his undeserved high honors in mechanical and standing of engineering, as he graduated electrical engineering at Kentucky State University before graduating. Moore made two trips to Europe while in the merchant marine service. He is but 22 years old. He is a son of Mr. and Mrs. E. P. Moore, of Hartford, Ky., while an uncle, John T. Moore, is cashier of the Louisville branch of the Eighth District Federal Reserve Bank.

SHOOTING AT PLEASANT RIDGE.

Quite a serious shooting occurred at Pleasant ridge Friday evening when Ernest Mayfield shot and wounded Dennis Hoagland. Both resided in that neighborhood. The ball penetrated Hoagland's right side and it is feared caused internal injury. His recovery is uncertain. The cause of the trouble between the two men is not known, but it is said both were intoxicated.

50,000 VOLUNTEERS ASKED OF IRELAND.

Dublin.—The lord lieutenant issued a proclamation asking for 50,000 voluntary recruits and thereafter 2,000 to 3,000 monthly to maintain the Irish divisions.

MINISTER TO DEN- MARK RESIGNS.

Washington.—Maurice Francis Egan, United States minister to Denmark and author of note, has resigned owing to ill health.

WILSON URGES LOUISIANA TO ADOPT SUFFRAGE.

Washington.—Adoption of woman suffrage in Louisiana was urged by President Wilson in a telegram sent to the Louisiana state legislature.

IGLEHEARTS TO HOLD RE-UNION.

Mr. E. M. Igleheart has returned to Ohio County after an absence of forty-seven years in Missouri and Montana and is visiting his brothers in the Kronos and Centertown neighborhoods. Mr. Igleheart is the youngest of four brothers, all of whom reside in Ohio County except himself. He is 70 years of age, while one of his brothers W. Bengel is the oldest, J. C. 78 and L. J. 80 respectively, making a combined total of 316 years of the four.

The Iglehearts will hold a reunion at "Uncle" Lige Brown's, near Walton Creek church, on what is known as the old Jacob H. Igleheart place, Sunday, June 16th, at which these brothers and many others will be present.

These aged gentlemen are very interesting in conversation and when they grow remissive, they relate many incidents that throw light on the early days in the County's history. L. J. ran one of the three first flour mills ever built in the county. It was operated by horse-power and when the old Hartford flouring mill burned down, he kept Hartford supplied for some time by carrying flour from his mill on horse back.

E. M. left the county many years ago and went first to Missouri where he remained some time, later moving to Montana where he engaged in business until recently. On the day after he arrived at Kronos the brothers ate dinner at the home of J. C. this being the first time they had all been together since E. M. left forty-seven years ago. L. J. lives near Centertown, W. B. near Matanzas, while J. C. resides at Kronos.

AMERICAN MARINES ADVANCE 600-YARD FRONT.

With the American Army in France, June 10.—The United States Marines attacked the Germans after daybreak this morning and penetrated their lines about two-thirds of a mile on a 600-yard front in the Belleau wood, northwest of Chateau Thierry. The Germans now hold only the northern wing of the wood. The Americans took two minenwerfer, which are the largest pieces they have yet taken. Every foot the enemy advances brings him further into territory, every foot of which the allies have prepared for defense. Therefore his task becomes momentarily more difficult.

The allied staffs are prepared to meet every eventuality and display the most perfect confidence in the outcome.

UNITED STATES NEEDS GRADUATE NURSES.

The Government has recently issued a call for several thousand nurses to volunteer for services in France and in the cotoons in America. This call will be answered to the limit because the American women are never failing in patriotism. But this call is only for graduate nurses, those well up in the profession. When they depart their places will have to be filled, and who will fill them? Younger and less experienced women must come forward to train for the vacant places. And it behoves us to be as sparing with the services of nurses as possible so one nurse can serve several families. Thus we will leave some one to go to the aid of our boys in France.

## NEIGHBORHOOD NEWS

### All About You and Your Neighbors

#### (Held Over Communications.)

SULPHUR SPRINGS.

Owing to a large amount of extra work last week, setting and arranging a list of delinquent tax payers, and being rushed for time, we were forced to omit several very interesting news-letters from the county. It was not from any desire on our part to neglect or purposely set aside these newsy briefs, but simply a case of lack of time. The Herald congratulates itself upon having such a splendid corps of correspondents and we believe that few papers are better supplied with wide-awake and alert news writers. We trust our correspondents will accept this apology for the omission of last week's letters.

#### BEECH VALLEY.

Wheat crops in this vicinity are looking fine.

Miss Artie Barnett, of Reynolds Station, spent Saturday night and Sunday with Mrs. J. H. Miller.

Misses Goldia and Mae Baughn, of Adaburg, visited Misses Arzella and Lindelle Magan Saturday and Sunday.

Mrs. G. A. Ralph and little son, James Arthur, of Hartford, are visiting relatives in this neighborhood.

Mr. and Mrs. T. S. Miller, visited their parents Mr. and Mrs. J. L. Patton, Saturday night, at Ralph's.

Mr. and Mrs. Barney Johnson, entertained quite a number of their friends Saturday night with a social.

Masters Herbert and Moody Ralph, of Hartford, are visiting in this vicinity.

Mr. J. L. Patton, of Ralph, and daughter, Mrs. T. S. Miller, went to Hartford Wednesday, to have some dental work done for Mrs. Miller. Mr. Patton turned in \$76 Red Cross money, from Ralph's precinct.

Born to Mr. and Mrs. Archie Johnson, Monday May 27, a girl named Virginia.

Several of the boys from here have gone for army service. We wish them all the success they may have, while they are doing their part to win this terrible war so that the Stars and Stripes may forever wave over the land of the free and the home of the brave.

Mr. Zack Greer and Miss Hattie Myers spent Sunday with Mr. Wm. Taylor, of Ralph's.

#### CENTRAL GROVE.

Farmers of this neighborhood are proud of the nice rain so they can set their tobacco.

Rev. R. E. Fuqua preached his last sermon last Sunday to a large congregation. The church called Bro. Taylor for their pastor for this year.

Rev. M. G. Snell was called from his appointment at Concord on the fourth Sunday morning to preach the funeral of Mr. Brack Rowe.

Meetings are getting along nicely at this place. They are having a fine Sunday school at Midway and Sherrill schoolhouses, branch schools from Central Grove school.

Rev. M. G. Snell was called to a church in Grayson County but could not accept the work on account of his time all being taken up.

Rev. Oscar Astby filled his regular appointment at Adaburg Saturday and Sunday.

#### CENTERTOWN.

Rev. and Mrs. J. B. Rayburn, Miss Anna Renner and Dr. S. H. Crowe attended the Owensboro District Conference last week held in Hawesville, Ky. Mrs. Rayburn remained in the conference city to visit her parents a week or two.

Miss Ida Matthews, of our teacher's force, is visiting relatives and friends in Rockdale, Ky., this week.

Mr. R. T. Temple, the insurance man, has gone to his home at Hawesville.

Mr. D. J. Duncan, of Bowling Green, was in town last week in the interest of the Missouri State Life Insurance Co.

Mr. Shelby Basket and Miss Grace Rhonds, Mr. Charles Hunter and Miss Georgia Rowe, all of this town and community, have recently surprised their many friends by getting married. These are all very popular young people and have our very best wishes for their success and happiness through life.

Rev. J. B. Rayburn will attend Quarterly conference at Mt. Moriah church, Tuesday and Wednesday June 4th and 5th.

Mr. and Mrs. Foster McKinney, of our little city, have been married fifty years to-day. They lived in Butler County until about ten years ago, when they came here to engage in mercantile business. There was born to them five children, three boys and two girls all living except one daughter who passed to her reward nearly two years ago.

Mrs. Rhea Daniel has been very sick.

Rev. Miller and wife are visiting relatives near Fordsville.

Mr. and Mrs. Andy Schroeder, of Fredonia, Ky. are visiting relatives near here.

Several from this place went to Hartford Wednesday to see the boy's leave for Camp Taylor.

#### CLEAR RUN.

The decoration of the W. O. W. was postponed until the 3rd Sunday afternoon at 1 o'clock P. M.

Mr. George Shultz, and son, Joe, motored to Hartford Tuesday.

#### BEAVER DAM.

Beaver Dam was visited by another fire last Thursday night. Mr. Will Cooper and wife, who were occupying the confectionery of Mann Tilford, were awakened at one o'clock by the noise of fire. He discovered the coal house on fire. By the time the alarm was given, the fire was making headway in the store. The bucket brigade was organized and the flames were extinguished. The origin of the fire remains a mystery. Mr. Tilford carried some insurance but not sufficient to cover the loss.

The farmers of this vicinity are through planting corn and are ready to care for the "Golden Malden," of which a bountiful crop is expected.

Mrs. Doe Hocker, living a mile from town, sold 100 Plymouth Rock hens for \$115.00. Can any of the patrons of the county beat that?

Mr. Burgess Austin was operated on last week for gall stones, by Dr. Wilmoth, of Louisville. The operation was a success and he is now on the road to recovery.

#### HIST.

New York.—A mysterious carrier

pigeon flying from the ocean alighted on the board walk at Coney Island today. Around the right leg of the bird was a tin carrier, on the inside of which were the figures "11."

A peculiar thing about the bird was that when a person in civilian clothes came near, it would try to attack him. When a patrolman arrived, however, to take the pigeon to the station house the bird became very docile, seemingly recognizing a uniform.

The Navy Intelligence Bureau was notified.

#### LETTER FROM ENGLAND.

April 28th, 1918.

Mr. Luther Johnson.

My Dear Father: I thought that I would try and write you a letter, to let you all know that I am well and having a good time, and hope you are the same. I hope to see you all again some day. I guess that you and Willie are farming now. The people don't do much farming in this country.

Tell all of the boys that I am alright and if you know Horace's address, let me know in your next letter, for I want to write to him. This is a good place and I like it fine, for the time I have been here. But I don't know how long I will be here. I like the English Tommies fine. Well I will close for this time. My address is

#### SIX KENTUCKIANS PASS NATIONAL ACADEMY EXAMS.

Washington.—Six of the Kentucky lads nominated by Senator Beckham for principals and internates at the Annapolis Naval Academy have passed the mental examination with flying colors and the following will be admitted to the academy as principals: Kirtley Gregg, Paris; William Pemberton, Lebanon; Leonard Sower, Frankfort, and Francis Beattie, Louisville.

#### ADRIET 19 HOURS.

An Atlanta Port.—The crew of the Boston schooner Jacob M. Haskell, which was sunk by a German submarine 40 miles east of Barneget, N. J., Sunday, was landed at an Atlantic port by the steamer Greeland of the Merchants & Miners Line today. The 11 men had been in their small boats for 19 hours.

An officer of the Haskell said that the Greeland, after leaving Philadelphia Saturday night, heard firing and put back inside Cape May. Later she sailed, but saw no U-boats. The experiences of the Haskell's crew were related by Mate Geo. H. Gillatt, who said:

"The first we knew of the presence of the Germans was at noon Sunday, when a shot was fired across our bow by the submarine. At first we could see nothing, but a few minutes later Capt. Davis sighted the submarine.

"An officer and several men came aboard of us; we were told to leave the schooner at once. While we were putting a few cans of water and some tins of biscuits in our power boat the Germans placed bombs on our vessel.

"Following the orders of the submarine officer, we went alongside the U-boat, where we remained until our ship was sent to the bottom. The submarine shelled her in addition to exploding the bombs and she sank in five minutes.

"The last we saw of the submarine she was circling around, apparently waiting for other vessels. There were no other ships in sight.

"After putting off from the submarine," the mate said, "we headed for the New Jersey coast and passing Barnegat light in the early evening made fast to a fish trap about 11 o'clock. We remained there until daylight. We then started our engine again and soon sighted the Greeland. We raised an ear as a signal of distress and the steamer hove to."

## The Cleveland Tractor Means Bigger Crops and Profits—

The Cleveland tractor will pull a 2-bottom Oliver tractor plow 3 1/2 miles an hour on your farm—turning 8 to 10 acres a day. That equals the work of three horse teams and three men.

And the Cleveland works not only better but cheaper than men and horses. Traveling on its own track it will go practically anywhere—even through ditches or gumbo, sand and gravel. It will not pack soil nor mire, slip nor flounder. It turns in a twelve foot circle. It is a marvelous example of compact, economical farm power.

### —if used with Oliver Tractor Plows

Behind the Cleveland tractor the Oliver tractor plow makes a complete one-man outfit.

You operate the power lift from the tractor seat by simply pulling a trip rope.

Plow points leave and enter the ground first assuring full depth plowing to the end of the furrow. Even depth plowing constantly is assured by the Oliver Stop Device.

See the Cleveland tractor and Oliver tractor plows at our store.

#### JUDGE COURT OF APPEALS.

We are authorized to announce JON. J. W. HENSON, of Henderson, a candidate for Judge of the Court of Appeals from the Second Appellate District, subject to the action of the Democratic party.

We are authorized to announce Judge WARNER E. SETTLE, of Bowling Green, a candidate for re-election for Judge of the Court of Appeals, from the Second Appellate District, subject to the action of the Democratic party.

A few days ago the Buddies—new men of our National Army—marched through the streets of London amidst cheers that made the buildings rock with reverberant echoes and sent a thrill through the heart of the responsive Yankees. We are glad this reception was given. It is a link that binds the hearts of the two great Anglo-Saxon peoples in one. Ever and anon some one who is either inclined to be pro-German or wants something to growl about arises and takes a kick at England. And some poor dupes have no more gumption than to favor every railing charge that is brought against our strongest ally. There seems to be a dislike of Britain because we fought her twice. We fought each other once—do we hate each other now? The English are our blood brothers and our friends. Even the best of friends will quarrel, and though we all thus:

often have a little unpleasantness met here to talk about building a fence due consideration from his constituents; but length of service is an asset to him and should not be attempted to be twisted into a liability.

Ohio County has never failed in a work that called for patriotic devotion and enthusiasm. In the great Liberty Bond sale she bought nearly three times her quota; in the Red Cross drive she went over the top with flying colors; and now in the War Saving Stamp Campaign we have utmost confidence that she will do her part and do it well.

The German U-boats which came to the American side to frighten a continent of 100,000,000 people and stop war-preparation, is like the little dog that barked at the moon. The moon just kept on shining. And the Yankees will just keep on preparing.

The Austrian word for the cat-piller war truck is *Strassenbahnwagenuntergestell*. We surrender.

#### LONG JUDICIAL TERMS.

The Times observes a phase of the campaign in the Second Appellate Court district that seems peculiarly out of tune with the great march of current events. It is being urged against the renomination of Chief Justice Warner E. Settle that he has "been on the bench long enough." Without regard to the personalities in that race, without wishing to be construed as expressing a choice between the distinguished men available. The Times yet submits that such a contention has no value on its face or in its inner significance.

Judges used to be appointed for life by the Governor of Kentucky, subject to good behavior. In that way they were in politics just once in their official lives. Perhaps it was a better system; certainly the present one that forces judges to seek votes every few years could not well be worse. Being a judge is a profession just like being a lawyer; the longer an able, honest man is at it, the better qualified he is to serve, and Judge Settle's twenty-six years upon the circuit and appellate benches have undoubtedly more fully qualified him for service than any other judge is qualified, so far as experience goes. If his opponents can find anything in his public acts or decisions that render his retirement him a vote against the administration, that is proper campaign material and will undoubtedly re-

## Prominent Newspaper Man

### Is Refused Insurance.

Saved Down Several Times on Account of Serious Kidney & Stomach Trouble—Case Considered Hopeless. In Perfect Physical Condition After Taking VI-TO-NA and Policy Is Granted Without Question.

"VI-TO-NA is simply worth its the point of despair. Bright in gold," said G. E. Johnson, "Assistant Chief Pressley, of the W. Central Avenue, Atlanta, Ga., Atlanta Fire Department, told me of the big press rooms the wonderful benefits he had obtained from VI-TO-NA, and urged me to try it. I did. And I will always bless the day I got my first telling of his wonderful restoration to health through the use of the bottle. VI-TO-NA, which is VI-TO-NA has overcome my kidney being discussed from one end and stomach troubles and I on the state to the other. Mr. Johnson is not like the same man. I don't know if one of Atlanta's best known have those awful pains in my sides etcetera, and is a man whose word is and back now, the headaches have considered us good as his bond. He disappeared; my limbs are not a prominent figure in Atlanta's labor circles.

I suffered with kidney trouble and was in a general run-down condition," said Mr. Johnson. "My limbs and joints were all swollen feeling fresh and fine. VI-TO-NA and my stomach because so bloated and my body several remebed different from any other remebed I ever tried. In fact, it is the oneness I was just chocked full of pain. I was also bothered a great deal with stomach trouble, lost my insurance policy with a big company and it was granted without question. The examining physician said I was in perfect condition physically. VI-TO-NA is the cause of this, and that is why I say IT IS THE GRANDEST PREPARATION ON EARTH."

### MAN-TRAP SET BY THE GERMANS.

Paris, June 6.—The latest German barbary consists of a man-trap similar to a bear trap, discovered in No Man's Land by Corporal Leonardo Manser and Sergeant Victor L. Vaupe, United States Engineers. Corporal Manser, after bringing in the trophy to the trenches, told how he came to discover it.

"We were in the trenches on the night of May 24, when Sergeant Vaupe and myself decided to go on a scouting party. We crept carefully over the top, making our way through the barbed wire entanglements and into one shell hole, after another. Keeping out of sight of the Germans, as they were sending up star shells to light No Man's Land. It was as light as day in the glare of the star shells.

"After we got half way across No Man's Land my cane was jerked from my hand. Advancing a few steps I stumbled on the trap, which had been released by the pressure of the cane. On examination I found the trap set to catch scouts. In attempting to carry it off I discovered that it was chained to stakes in the ground. I loosened the chain and brought the trap to our trenches. The contrivance is three feet long and has jaws eighteen inches wide, with teeth two inches long. It is designed to give the victim great pain and make him call for help. This attracts his comrades, who become targets for a German machine gun fusillade, which results in the annihilation of the entire party."

The trap is in the Paris Y. M. C. A., where it has been examined by Americans, who were astounded at the horror of the device. It will be shipped to America as a trophy.

### 35,000 MEN IN STATE DRAFTED.

Frankfort, Ky.—Since last September 1,595,708 men have been called to the colors in the United States under the selective draft law, according to a bulletin issued by Maj. Henry F. Rhodes by order of Provost Marshal General Crowder of these Kentucky has furnished 35,000.

The bulletin follows:

"One year ago occurred the first registration for military purposes of the young manhood of the nation. Ten million men responded in a single day. This accomplishment was nothing short of marvelous. The task of utilizing this enormous force seemed anachronistic. But the work of classification of this great mass of man power in such a way as to permit of its organization and moulding into an effective army was intrusted to 4,663 local boards and 156 district boards, constituting a force of nearly 15,000 of the leading citizens of every community who were assisted in their work by more than 100,000 equally patriotic volunteers who have performed a work that challenges the attention and excites the admiration of all our people.

### PORTO RICANS STONE HUN SYMPATHIZERS.

San Juan, Porto Rico.—Angered by the news of the sinking of the Porto Rico liner Carolina, by a German submarine, an anti-German demonstration broke out in Ponce last night. Numerous houses occupied by Germans were stoned and much feeling still exists against Germans or persons who have expressed pro-German sentiments or who in any way have attempted to justify the sinking of the Carolina. The feeling runs particularly high against Spaniards of supposed German sympathies. Attorney General Kern has notified the officials in the island to take energetic action against all persons whose utterances are considered out of line with the sentiments of the allied countries.

Martin today issued the following statement to the people of the island. United States District Attorney "Be calm and quiet and determined to win the war. The harming of Germans in Porto Rico will hurt us; killing them in Europe will hurt them. The most effective way to avenge the sinking of the Carolina is to subscribe liberally to the Red Cross, which takes care of the families of our soldiers who put their lives at hazard."

## BUSINESS MEN TO WORK ROADS.

A free-for-all road working will take place, Friday, June, 21st, when the business men and citizens of Hartford and territory adjacent to the roads to be worked, will organize into a band and go forth to put in condition some of Ohio County's sadly dilapidated roadways. All the business houses in Hartford will be open for the day so as to give the proprietors and employees an opportunity to participate in this worthy enterprise. The road to be worked will be the Owemboro, Hartford and Morgantown road. They will work from the Daviess County line, through Hartford and Beaver Dam to the edge of Butler county. The entire day will be spent in work. Road overseers along the way are expected to be there with their road tools and every good citizen is requested to come, bring his team and tools, and help. The roads of the county are in a lamentably run-down condition and a few workings like these gentlemen are undertaking would soon bring them to a better state.

## 27 WHITES, 5 NEGROES.

## Report to Camp Taylor During June From Ohio County.

Twenty-seven white men and five negroes will be sent by the Local Board from Ohio county this month to Camp Zachary Taylor.

The negroes will be sent to camp between June 19 and 24, inclusive, and the white men will leave here during the period of June 25 to 28, inclusive.

The Local Board has had no official communication from state headquarters relative to the sending of these men, but the county's quota as above was published in a Frankfort dispatch to the Sunday Courier-Journal, and the official orders always verifies such dispatches.

## ENVISION OF CLASSES TO TAKE PLACE.

Recent advices state that there will soon be a reconsideration and reclassification of those deferred in the first draft because of various reasons. Chiefly concerned will be those 4 men who were deferred owing to being married, while if they have married since the draft or the wife's parents are able to support her, they will likely be put back in class 1; and those who are not contributing to any considerable degree to the support of dependents will be given new consideration. It is expected that something like 500,000 men will be added to class 1 by this ruling.

That's easy to answer—you want everything that the ingenuity of man has invented; that science could develop, and an American, accustomed to the best, desire.

You want comfort to the point of luxury in riding qualities.

You demand a car that in outward appearance is one you and your family can be proud to be seen in.

You insist on artistic lines in a body that is in accord with the prevailing fashions. Upholstery that feels as easy as it looks—that is as durable as the best. And withal a finish in details and in the ensemble that looks the part your car is to play in your daily life.

Speed, you desire, equal to any occasion and power equal to any emergency.

All these you may obtain in a motor car and at a price well within your reach—if you but select right.

There's the rub—how to decide, between those who claim everything, which car will fulfill the claims.

For makers are not over-modest. There's no patent on adjectives nor restriction on the use of words.

Every maker claims everything. How is one to decide?

After all, it isn't so difficult. Just observe one rule—accept no claim that hasn't been proven.

You can see and test for yourself most of the qualities you desire in a motor car. You can compare body lines. You can feel the upholstering. You can determine the quality of finish.

By riding in it you can verify or disprove all claims as to spring suspension, balance and riding qualities.

If you know how to drive any car you can drive it yourself and thereby test the handling and control—steering gear, shift, clutch, brakes, etc.—and responsiveness of motor.

All these are an open book to the man who will read and can interpret. So after all, you need only accept the word of the salesman for—well, for the most important facts.

These are, the reliability of the car and its gasoline consumption.

And there's where the claims come in—for makers being human, and business being competitive, there is a tendency to claim reliability unlimited—and fuel economy to the vanishing point.

Since this is so, what is the formula for accurate selection of a motor car?

Proofs—that is the only certain way.

"Claims are all right, but only proofs count"—that is the Maxwell slogan.

Believing that every claim should be susceptible of incontrovertible proof—and believing it to be good business to claim only what we can prove—

We have proven in official test, and before the whole world, those two most elusive but most important qualities—reliability and gasoline economy.

In 44 days and nights running, during which the motor never stopped—the car every minute under the supervision of A. A. A. Officials—the Maxwell proved its wonderful reliability.

That still stands the world's record for reliability—the Official Record.

In that same non-stop test, a standard, stock-model Maxwell covered 22,022 miles at an average speed of 25 miles per hour.

That also is the Official World's long distance record.

Again: The Maxwell Motor Company offered \$50,000 in Liberty Bonds to Maxwell owners all over the American Continent—Canada, the U. S. and Mexico—for an economy contest.

More than 3000 Maxwell owners entered—and the average of all those Maxwells was 29.4 miles per gallon of gasoline. (That was for a U. S. standard gallon. Add 20 per cent mileage and you have 35.3 for a Canadian "Imperial Gallon.")

That also stands a world's record for gasoline economy.

And remember, it wasn't the performance of one especially adjusted car, but an average made by more than 3000 Maxwells—1915, 16 and 17 models.

Nor were they driven by factory employees or dealers—the rules specified that only actual owners or members of their families could compete.

So there's one car, in the selection of which you can be sure—absolutely sure. For what you cannot yourself see and examine and test, has been proven beyond question.

You are invited to see and to ride in and to drive yourself, a Maxwell.

And, having done that—having seen and tested all that can be confirmed in a short time—the official figures of those long-time, long-distance, reliability and economy tests are also available to you.

Then, if you are willing to accept mere verbal assertions in the selection of your car—that is your privilege, of course.

But if you want a car that in official test has proven every claim made for it—that car must be a Maxwell.
